

USC Viterbi

School of Engineering

The USC Viterbi School of Engineering congratulates Fei Sha, Assistant Professor of Computer Science for been awarded a Sloan Research Fellowship.

This highly competitive award is based on

promising research by early-career scientists and is only extended to 126 scholars annually. Dr. Sha's cutting-edge proposal — "Machine Learning for the Long Tails" — studies a new paradigm of machine learning, one that seeks to empower millions of individual users to learn from data collaboratively and effectively.
