USC Viterbi
School of Engineering

The USC Viterbi School of Engineering congratulates Jerry Hobbs, senior research professor in the computer science department and director of the Natural Language Group at the Information Sciences Institute, for receiving a Lifetime Achievement Award from the Association of Computation Linguistics.

Dr. Hobbs' research has spanned forty years and areas as diverse as temporal representation, discourse interpretation and information extraction. He is a past President of the Association for Computational Linguistics and a Fellow of the American Association for Artificial Intelligence.
