

## Our Focus

# 01

### **Sustainability**

Energy, water, climate, food,  
materials, ecosystems,  
natural resources

# 04

### **Enriching Life**

Computing, arts,  
education, entertainment,  
enabling scientific and  
technological discovery

# 02

### **Health**

Bioengineering,  
biochemical  
engineering, health  
sciences, medicine

# 03

### **Security**

Cyber, space, national  
security, infrastructure,  
electronics, supply  
chains

# 05

### **Engineering Impact on Society**

Communication,  
innovation, policy,  
grand challenges,  
societal impact

*Engineering a  
Better World  
for all Humanity*
