

Dean's Remarks

Yannis C. Yortsos, Dean

Friday, August 16, 2024

Our Focus

Interdisciplinary, Impactful, Relevant

01

Sustainability

(energy, water, climate, food, materials, ecosystems, natural resources)

Health

(bioengineering, biochemical engineering, health sciences, medicine)

02

03

Security

(cyber, space, national security, infrastructure, electronics, supply chains)

Enriching Life

(arts, education, entertainment, enabling scientific and technological discovery)

04

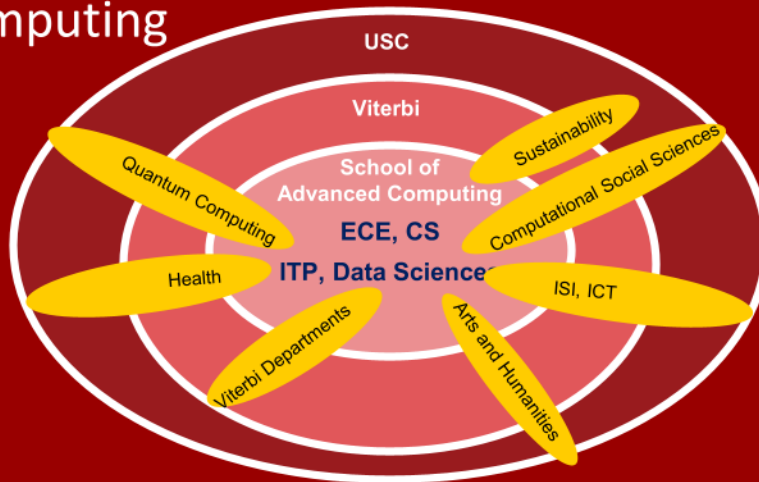

05

Engineering Impact on Society

(communication, innovation, policy, grand challenges, societal impact)
